

Bux Iron Grizzle

Date of Birth: 05/30/2022 Owner: **Buxton Longhorns**

This little girl is the belle of the ball! She's got the most feminine features looks like she's a model for a cosmetics company with white eyebrow markings. She's the granddaughter to AML Grizzle (sold for \$100k at Legends 2022 sale) and daughter to the beautifully marked Sizzle 04 and Plastic Span. Her back is as straight as it gets with great conformation and size with fine boned feminity. We have great expectations for this young lady.
